Wholesale Accounts FAQ

What is the minimum quantity for wholesale orders?

The minimum quantity is \$500 per single order, not including shipping costs, with a minimum quantity of 10 of an individual SKU. If you are interested in sample quantities, we recommend that you order from our website: www.ymimports.com.

Which products are available for wholesale pricing?

All products are available for wholesale pricing except for certain books, DVD, software and other media. We do not offer wholesale pricing on certain closeout products for which we have limited supply or products that we cannot offer a significant discount.

What is your return policy for wholesale products?

Please report products damaged in transit to you to your carrier. Products purchased wholesale are only returnable if the item is damaged on arrival or is a mistake on our end. Returns must be made within 10 days of receipt. We cannot take returns of unsold merchandise or damages suffered in transit to your customers.

What is your normal delivery time?

For most orders of 100 pieces or less per SKU we are able to ship within 2 business days. For larger orders or if we are short on a certain item we will ship part of the order and give you an estimated delivery date for the remainder - normally 30-90 days after you place your order. In certain cases for very large orders we will need a deposit of 40% of the total price up front or a letter of credit prior to placing your order.

Do you do custom work?

We are happy to do custom work, however, the minimum order size for custom products is \$5,000 (not including shipping costs), with 40% of the total price paid up front.

Christmas orders

We love Christmas as much as you do! Our products make excellent Christmas gifts and Christmas is far and away our busiest season. We recommend that if you plan on stocking an item for Christmas that you place your order as early as possible – before Labor Day is best!
